Dear Mr. Sands

We received your letter dated January 15th regarding footwear for customers in Nevada.

The State of Nevada does not have any laws, codes, nor regulations requiring customers or patrons to wear shoes or any other footwear in any food establishments. There are no laws regarding any customers clothing for any of the 20 or so other types of establishments we regulate, hotels, tattoo parlors, etc...

The only law we regarding clothing is NAC 446.069 and that is for employees clothing that shall be clean to prevent contamination.

All in good health
